

Webinar 7

Methods for future work

Many methods can be useful for the work to support and run social enterprises, work integration social enterprises, women cooperatives and women's entrepreneurship. We will get a presentation of Business Success Teams.

Time and place

2021 June 9 at 02.00 p.m. to 03.30 p.m. (14.00 – 15.30) on Zoom (Swedish time)

Programme

- Welcome, Bodil Nilsson, FemNet
- Introduction of Business Success Teams, Christiane Bannuscher, Management & Karriere
- Methods for the future – women resource centres, group mentorship, success teams
- Questions, discussion and future plans

Success Teams

Once a Success Team has been recruited and formed, six to eight women meet regularly in order to develop their livelihood, work or businesses and to support each other.

Each and every participant works towards their individual goals but gets help and support from the other team members.

By giving themselves homework and setting achievable goals, the participants train to be successful in their own life.

Group mentorship

A development of the traditional mentorship formed with

- 4-6 participants/entrepreneurs (mentees)
- 1 very experienced business owner or expert in a matter of importance for the group (mentor)
- Support and guidance
